

Jekabs Zarins

Front-end developer & UI/UX Designer

My personal [website](#), [LinkedIn](#), [Code::Stats](#), [Gitlab](#), [Github](#)

Experience:

SIA “19 Points” - Junior front-end developer & UI/UX designer

11.2021 - current

I am responsible for the creation of designs and later development of websites and web apps using technologies like Hugo (SCSS, HTML, and JS), React (Typescript), and Nextjs (Typescript).

Some projects I have worked on:

- [Tosteris](#)
- [DigiBlink](#)
- [19 Points](#)

SIA “19 Points” - Intern web designer and developer

09.2021 - 11.2021

I created a large-scale project involving artificial intelligence that was built using Django (including Django REST and Celery) for the back-end and Vue.js for the front-end.

Education:

Riga Art and Media tehnikum - Web design

09.2018 - 07.2022

At the Riga Art and Media tehnikum we were taught design, from the very basics to designing complex web apps, and the basics of web development, both using vanilla HTML, CSS, and JS, and using wordpress.
